

# metabolic boost

## DESCRIPTION

A comprehensive and complete weight control formula that addresses weight loss from seven critical angles: (1) supports enhanced metabolism; (2) supports the thyroid gland which is critical for weight loss; (3) supports the burning and utilization of sugars and carbohydrates; (4) supports the balance and maintenance of healthy blood sugar levels; (5) releases toxins, acids and excess fluid and water; (6) enhances and energizes our mood and mental energy which is critical in making good decisions when losing weight (i.e. choosing foods and having enough energy to exercise); and (7) helps to curb and reduce our appetite and give us a feeling of fullness and satisfaction.\*

## KEY BENEFITS

- A powerful blend of herbal and nutritional ingredients that promotes thermogenesis (the burning of fat and calories)\*
- Helps control appetite, reduce food cravings, boost metabolism, burn fat, regulate thyroid, and balance blood sugar levels\*
- Increases energy\*
- Most people feel the product working within the first two to three days and most see results within the first seven to ten days\*
- Helps eliminate extra fluid from our kidneys and toxins from the intestinal system\*
- Contains naturally occurring caffeine from green tea and guarana extract\*
- Does not contain ma huang, ephedrine, or other harsh stimulants\*
- Gluten free

*"I start every day with three Metabolic Boost capsules. On cleanse days, I take additional capsules and have noticed increased energy without any caffeine jitters."*

*- T. James*
